became a quiver of the market place. He ordered him to be arrested. He was to have been tried the following day and in all probability he would have been condemned as his guilt was fully established by the testimony of Miss De Beauchamp and obtained as much of the money as he could.

"I am very sorry for your sake, my dear," he said, "that your husband should be mixed up in an affair which places his reputation in so glaring a light."

"Perhaps he is not so guilty as your majesty supposes," said the countess.

"How does your husband's reputation?" inquired the emperor taking a letter out of his pocket and handing it to her.

"Mine de P—— happily preserved the letter, recognized the handwriting and felt into a sea in. When she came around Beauchamp put the letter into her hand."

"Take it. This is the only legal evidence that exists against your husband. There is a lighted torch behind you."

"It came so quickly snatched up the important document and threw it into the flames. P—— a life was saved but as for his honor, not all of it sufficed if a general emperor could avail to restore it"—Chicago Daily News

Glad to See Him.

New member of Congress felt shy and was made to be thrust suddenly in among almost 400 members many of whom they have never seen and only a few of whom they ever heard of is rather a new experience.

**Making the Sound of Two Beats.**

In these days of waltzes and stoge realism the sound of two beats is worked out in a variety of ways. The music is very few people know how the effect is produced and very few too could make a new note even if they had the apparatus. It takes quite a lot of practice to be a good home as it is called. The necessary outfit consists of a table on which is a thin marble slab covered with a sheet of paper cut from an iron thick disk up to the thickness of a piece of paper. The operator has strapped to each hand half a coconut shell on the

**SURELY MOST WELCOME NEWS TO SUFFERS FROM FEMALE COMPLAINTS**

It is a fact that our women who suffer from female complaints are and come to be more numerous than ever before without end and full of pains and aches, do not have the same opportunity to be cured as do the residents of the great cities where the most successful specialists in medicine reside. In other words, our women are deprived from seeking a cure by the great and skilled physicians owing to the cost of travel to the large cities. The high fees charged by such specialists.

Here, therefore, is a chance for the weak and suffering women of our community which will not be lost. Dr. J. C. Drayton, of Temple Court, Boston, Mass., who has the largest practice in the world and who is without doubt the most successful specialist in medicine, offers to send his orders to all women suffering from these distressing weaknesses, discharges, pains and irregularities. You have the privilege of consulting him free of charge. Write to him or Dr. Drayton and he will, after carefully considering your condition, send you a letter carefully explaining all your troubles and how they can be cured. He writes complaints so plainly that you will understand exactly what ails you. He will also give you his advice, based upon his vast experience and wonderful knowledge.
